Re: Lakeridge Healthcare Parking Garage Repairs 2016

To whom it may concern,

HRI was awarded the contract for Lakeridge Health Oshawa Parking Garage Repairs Project in 2016. This project included structural, membrane and asphalt repairs.

HRI's team was professional, diligent and knowledgeable. The project had a considerable number of challenges, but these were met in stride by HRI, who was able to provide solutions that helped manage both the schedule and budget. We were pleased with the safety, cleanliness of the job site and quality of work completed.

HRI's team was very helpful and reasonable in dealing with owner requested extra's to the contract

On behalf of LHO, I am happy to recommend HRI to any prospective clients who require structural rehabilitation work. Their firm was as good or better than any firm we have worked with on these types of projects, and we look forward to the opportunity to work with HRI again in the future.

Sincerely,

Mel Green

Project Manager, Capital Planning and Development
