Attention Mr. Chris Huntley

Re: Art Gallery of Ontario – Grange Foundation Project  
Reference # 2016-03-14-30102

Dear Mr. Huntley,

Heritage Restoration Inc. was awarded the contract for the AGO's Grange Foundation Waterproofing Project, #2016-03-14-30102, in spring 2016.

Although the project presented itself with certain challenges, it was completed on time and on budget. It was altogether an excellent working experience for the AGO. Heritage Restoration Inc., had the flexibility to not only meet the tight time frame but did so while also completing additional work encountered along the way.

We, the AGO, were impressed with how safe, efficient and organized Heritage Restoration was in completing the work. Your entire team was professional, respectful and diligent. You were quick to act on any items arising and provided feedback as requested.

We would not hesitate to use Heritage Restoration on any future, related projects and would recommend Heritage Restoration Inc. to any business owner requiring the same type of work.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael R. Peroff", is written over a horizontal line.

Michael R. Peroff  
Deputy Director, Plant & Building Infrastructure  
Art Gallery of Ontario
