**Re: Frenchman's Bay Public School – 920 Oklahoma Drive, Pickering, ON  
Lintel and Brick Masonry Repairs**

Heritage Restoration Inc. was awarded the contract for the repair of exterior brick masonry at Frenchman's Bay Public School, for the Durham District School Board.

This project presented a variety of challenges, such as carrying out invasive repairs on an operating building, accommodating changes to the scope of work due to unknown conditions, and minimizing the impact to the surrounding residential neighbourhood. HRI completed the project on time and on budget.

HRI's team was professional, and worked diligently to complete the work in a safe, organized, and timely manner. As such, we would recommend them for any future work of a similar nature.

Regards,

**Engineering Link Incorporated**
